

Child Online Protection

PARENTS PAY ATTENTION TO CHILDREN'S DIGITAL LIVES & BUILD RESILIENCE

Be aware of the following:

- An adult befriending a child;
- Showering a child with personal attention and gifts, flattering the child,
- Showing sympathy to win their trust.

Isolating children is key in online grooming. Sexual predators lure children away from their family and friends who “won’t understand” and they intimidate and manipulate children into silence using threats of exposure.
